Financial Creed for All

Every individual in the Seventh district is being urged by the War Savings organization to live up to a financial creed during 1920. Following is the creed suggested by the government:

I believe in the United States of America.

My opportunity and hope depend upon her future.

I believe that her stability and progress rest upon the industry and thrift of her people.

Therefore, I will work hard and live simply.

I will spend less than I earn.

I will use my earnings with care.

I will save consistently.

I will invest thoughtfully.

To increase the financial strength of my country and myself, I will buy government securities.

I will hold above par the obligations my country thus incurred.

I will do these things to insure the greatness of America's future.
